

**Two Distinct Companies, One Mission :
Exceed All Expectations**

Before Lighting Services

After Lighting Services

One Call For Everything

- We offer an extensive range of lighting services to our clients at extremely competitive rates, well below those of your typical electrical contractor.
- Our lighting professionals will customize a lighting program to meet your specific requirements; we offer Lighting Audit & Design-Wholesale Supply- Installation Services-Recycling-Warranty
- Better Lighting can pay for itself in annual energy and maintenance savings while improving the overall effectiveness and appearance of your facility.

Complete Project Implementation

- Lighting Services, Inc. offers turn-key project management or you may choose which services you would like LSI to provide; audit & design-supply-installation-recycling-warranty
- Our well-designed lighting projects will lower your overhead costs and improve productivity.
- Whether it is a lighting retrofit, new fixture installation or a total remodel of your facility, Lighting Services, Inc. will be there for you.

Lighting Retrofits

- A typical lighting retrofit can result in a simple payback of 2-3 years with an internal rate of return of 30% or better.
- We will custom design a lighting retrofit program to save you energy dollars while improving your lighting quality.
- New technology has created opportunities to substantially reduce operating costs without sacrificing light levels.

Scheduled Maintenance

- We offer scheduled maintenance programs to ensure your lighting systems are operating at peak efficiencies while maintaining the safety and security of your customers and employees.
- Our inspection schedules (weekly, monthly or quarterly) allow your "in house" electrical staff to concentrate on higher priority tasks to make your facility more productive.
- Whether you have outdoor, parking lot, signage or indoor office lighting, we will ensure your facility is properly lit at very competitive rates.

Group Wash & Relamping

- With age, the majority of warehouse/industrial lighting applications and T-12 fluorescent office lighting systems experience substantial light level depreciation and increasing spot outages requiring timely and costly repairs.
- Let Lighting Services, Inc. group relamp your facility increasing your light levels and reducing costly spot outages. The relamp schedule is based on the manufacturers specifications (average life and lumen output) in conjunction with your specific operating cycle.

**FIVE STAR
LIGHTING**
FOR ALL OF YOUR LIGHTING NEEDS

Serving the Commercial, Industrial and Retail Marketplace

- Five Star Lighting is a specialized wholesale “lighting only” distributor. We take pride in providing our clients with the most cost-effective value added lighting options utilizing the latest technology.

Choosing the Right Products

- We offer an extensive line of lamps, ballasts, light fixtures, lenses/louvers and numerous lighting related products manufactured by today's leaders in the lighting industry.
- Put our over 30 years experience in the light fixture packaging business to work for you. We have the ability to re-evaluate your lighting fixture specifications when budget concerns arise. If your lighting fixture package appears to be too costly.... It probably is, call us.
- Five Star Lighting's customer support team has the expertise to provide you with energy saving alternatives, concise energy analysis of your current usage and a thorough explanation of all the new innovative options available to reduce your lighting costs.

Commitment to Service

- Five Star Lighting stocks just about everything we sell and our deliveries are always prompt, accurate and in most cases, shipped within 24 hours.
- We will warehouse, organize and mark your new job lighting package by fixture type and make multiple on time shipments to meet your job schedule.
